# Beam Me In – Trials and Successes in SBHC Telehealth Implementation

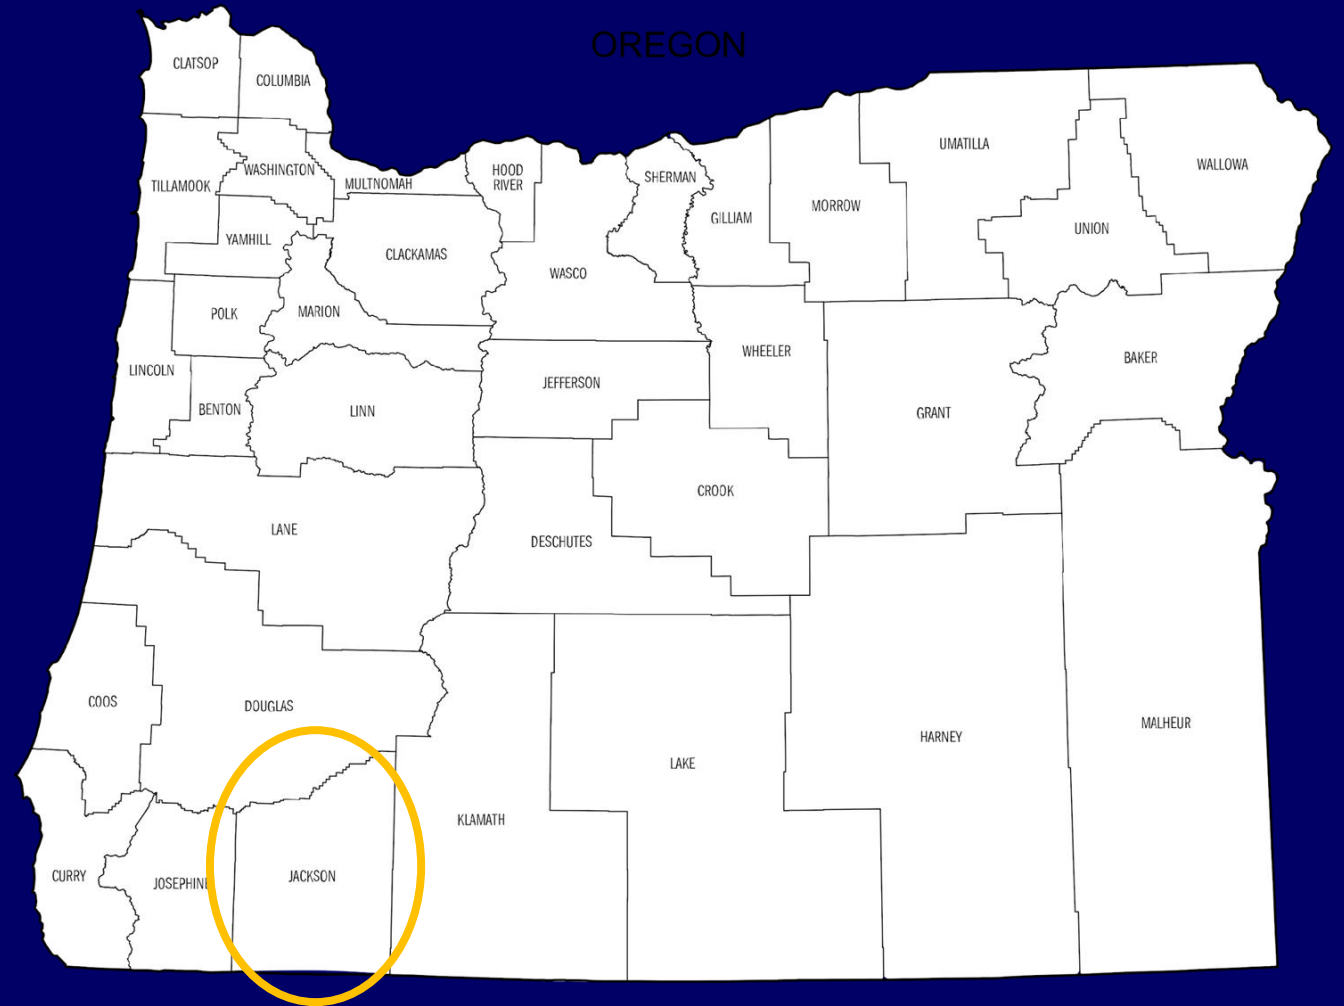

National School-Based Health Care Conference  
June 28, 2023

# La Clinica

La Clinica is a Federally Qualified Health Center that serves Southern Oregon. Services include mobile and school-based services in 19 schools across four school districts (10 certified sites 9 uncertified sites).

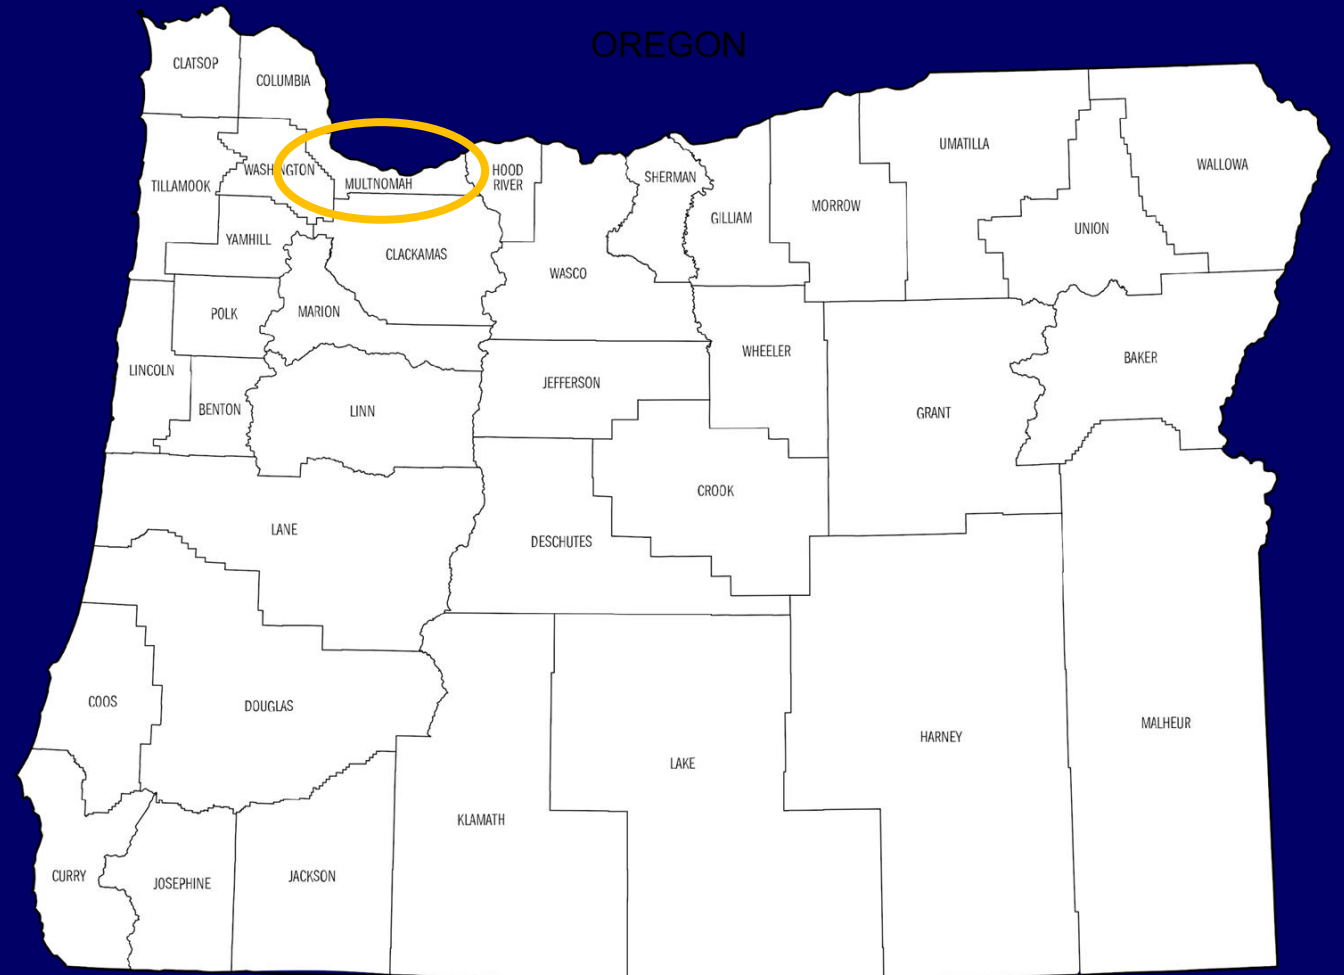

- Phoenix-Talent School District = 2,402 students in 6 schools
- Central Point = 4,730 in 10 schools

# Multnomah County

Multnomah County Student Health Centers is an SBHC program run by the local public health authority. It has been operating for more than 35 years in the Portland area covering 5 school districts with 9 health centers.

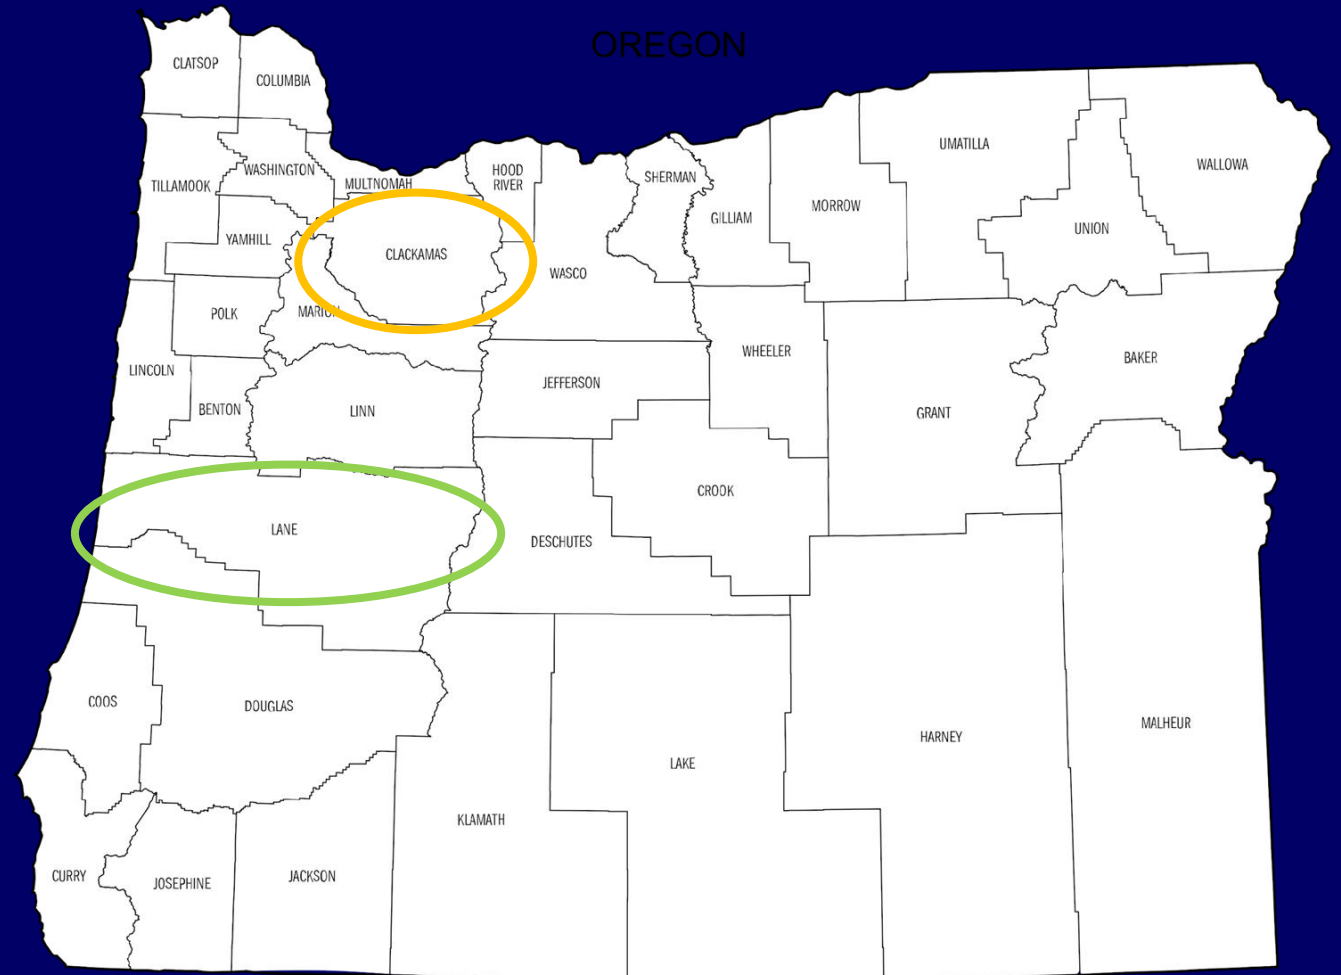

- Portland Public Schools = 45,456 students in 81 schools
- Reynolds School District = 10,800 students in 16 schools

# Orchid Health

Orchid Health operates four Rural Health Clinics in Clackamas and Lane counties. This pilot has been focused on the partnership between Wade Creek Clinic and the Estacada School District in Clackamas County; Wade Creek Clinic currently reaches 640 SBHC students.

- Estacada School District = over 3,000 students in 5 schools

What were you hoping to achieve with this grant?

# Set-up

- What tech did you decide to use?

# Multnomah County equipment

## Set-up

- What kind of outreach did you do to students, families, and school staff?

# La Clinica telehealth cart video - English

# La Clinica telehealth cart video - Spanish

# Set-up

- What are your workflows or staffing structure like?

# Challenges in getting the project off the ground

How are you measuring success?

# Partnership between educational partners and clinic partners

Current status – what do you plan to do differently  
as you hone or expand services?

# Questions?
