

# Learn about starting an SBHC during free programs this fall and winter

To support new school-based health centers (SBHCs), the School-Based Health Alliance (SBHA) is offering two free technical assistance opportunities during fall 2023 and winter 2024.

## Webinar

**Tuesday, Oct. 24, 2-3 p.m. EDT**

This presentation will focus on SBHC basics and will share best practices for SBHC start-up, discuss the differences in practice between SBHCs and health centers, and highlight resources to support SBHC planning teams. The webinar was developed for health center leadership and staff, but anyone interested in SBHC start-up is welcome to participate.

## Learning Collaborative

**January-March 2024. Applications due Nov. 16, 2023.**

This initiative aims to support partnerships between healthcare organizations and schools to provide or expand access to primary care and behavioral health services in schools. This six-session learning collaborative is free and open to school-based health center planning teams, with a focus on Health Center Program and Look-Alike health sponsors. Other health sponsor types are welcome to apply as well. Continuing education credits will be offered.
