Financial Disclosures

- With respect to the following presentation, there have been no relevant (direct or indirect) financial relationship between the presenters/activity planners and any ineligible company in the past 24 months which would be considered a relevant financial relationship.
- The views expressed in this presentation are those of the presenters and may not reflect official policy of Moses/Weitzman Health System, Inc. or its Weitzman Institute.
- We are obligated to disclose any products which are off-label, unlabeled, experimental, and/or under investigation (not FDA approved) and any limitations on the information that are presented, such as data that are preliminary or that represent ongoing research, interim analyses, and/or unsupported opinion.

Learning Objectives

Participants will be able to...

- Identify considerations for creating strong partnerships to support school-based health center (SBHC) planning
- Describe strategies for developing sustainable SBHCs

School-Based Health Alliance

Transforming Health Care for Students

Our **Focus**

The School-Based Health Alliance Works to Support & Grow SBHCs

Policy

Establishes and advocates for national policy priorities

Standards

Promotes high-quality clinical practices and standards, including for telehealth

Data

Supports data collection and reporting, evaluation, and research

Training

Provides training, technical assistance, and consultation

We support the improvement of students' health via school-based health care by supporting and creating community and school partnerships.
